

High unemployment rates of elderly in the East (20% people age 55+ receive unemployment benefits, another 10% are participating in Partial Retirement Programs).

Aggregate Public Transfer Inflows by Function, Germany, 2003, Euro

Other Social Protection intragenerational (3 humps: Child allowance age 20-30, unemployment benefits elderly 55-65, war victim associated 70+)

Aggregate Public Transfers, Germany, 2003, Euro

Key Problems Germany

- check macro controls for public sector (does not match perfectly yet)
- Fill out macro control spreadsheet for general NTA
- Start work on private transfers
